

Just months after pleading with Voters to Pass Measure T: "*To maintain essential City services/infrastructure like police, fire, parks, libraries...*", Burbank wants to increase our Sales Tax by a massive $\frac{3}{4}\text{¢}$ to 10.25¢, to essentially do the exact same thing.

An honest Ballot statement would read: "To pay for our Unfunded Pensions because previous Council's took a Pension Holiday (*now Illegal*) and did not contribute what they should have for 6 consecutive years; and our highly paid City Staff Salaries + generous Benefits; future Infrastructure Maintenance needs because we don't make Developers Pay their Fair Share in Fees like Glendale; shall Burbank Taxpayers Bailout the City (*again*), even though we just passed Measure T, by raising our Sales Tax $\frac{3}{4}\text{¢}$ Forever (*no Sunset*), giving Burbank the dubious honor of having the Co-Highest Sales Tax in the USA"?

This \$20M Measure is 2x what the City actually needs to balance future Budget deficits, creating an \$11M annual Cash Pot. It's also Bad For Business, esp. those selling higher-ticket items.

Before Voting for this Measure, please consider doing the following:

1. Watch this Video explaining Why We're in this Financial Mess.

<https://youtu.be/7RQHY2FCHfQ>

2. Review the Salaries + Benefits our City Employees' are being paid.

<http://publicpay.ca.gov/Reports/Cities/City.aspx?entityid=170&fiscalyear=2016&rpt=1>

3. Compare our Salary + Benefits Costs that account for 80% of the Budget with Glendale (*approx \$985 vs. \$1176 per employee per resident*).

<http://publicpay.ca.gov/Reports/Cities/City.aspx?entityid=186&fiscalyear=2016&rpt=1>

I love Burbank and want to see our City prosper, but this Taxpayer Bailout only encourages more spending & waste. I urge my fellow Burbank residents to Vote NO and send our elected Leaders a loud message: Trim The Fat, Cut Spending & Live Within Your Means!
